Exhibitor Application and Agreement

The undersigned, ("Exhibitor") hereby applies for exhibit booth space during the ConnexFM National Conference, Connex2022 National Conference ("Conference") to be held at the Long Beach Convention Center ("LBCC") in Long Beach, California, subject to the terms and conditions hereinafter set forth. This Application shall, upon written acceptance by ConnexFM, constitute a binding Agreement between the parties ("Application and Agreement").

1. It is understood that this Application and Agreement is a license and not a lease and that no leasehold or tenancy is intended to be or shall be created as a result of this Application and Agreement.
2. Exhibitor must include a minimum payment of 50% with this application, subject to the classification of booth space and booth fees in Exhibit A, attached and incorporated in this Application and Agreement. ConnexFM may at its sole discretion deposit such payment pending acceptance of this Application and space availability, but in no event is ConnexFM obligated to provide exhibit space until it has accepted this Application and Agreement in writing.
3. Exhibitor shall have two weeks from receipt of written acceptance and assignment of exhibit space, to request re-assignment of the exhibit space designated by ConnexFM. If ConnexFM is unable to provide exhibit space acceptable to Exhibitor, Connex shall promptly refund the deposit payment in full. ConnexFM cannot guarantee Multi-Site FM attendance at the Conference, and cancellation terms stated in this Application and Agreement apply if Exhibitor cancels this Application due to a lack of Multi-Site FM attendance at the Conference.
4. ConnexFM reserves the right to require the modification or removal of any exhibit booth that, in its sole judgment, does not conform to its business, professional or ethical standards.
5. Exhibitor must be a ConnexFM member and must be in compliance with and current in all obligations to ConnexFM, including without limitation, payment of membership dues. If Exhibitor fails to comply with any terms of this Application and Agreement, including the aforesaid obligations and Exhibitor's obligations to timely pay all booth fees, ConnexFM shall be entitled to reassign and/or cancel Exhibitor's booth space. In such event, Exhibitor agrees to pay any deficiency, loss or damage sustained by ConnexFM in reassigning the booth space. Further, should ConnexFM be unable to reassign Exhibitor's booth space, Connex shall have the right to use the booth space for its own purposes without prejudice to its rights with regard to Exhibitor under this Application and Agreement, including without limitation obtaining payment of the balance of the booth fee.
6. In the event that the LBCC premises are destroyed or rendered unavailable for any reason whatsoever, whether before or during the Conference, this Application and Agreement shall terminate, and Exhibitor shall and does hereby waive all claims for damages or compensation against ConnexFM for the termination.
7. If LBCC changes the location or room for exhibit booth space at the Conference, ConnexFM reserves the right to relocate Exhibitor's booth space at its discretion. In the event of circumstances preventing the use of the LBCC's facilities as contemplated in this Application and Agreement, ConnexFM reserves the right at its sole discretion to restrict the hours the exhibit space is open, or to close the exhibit space on any day

or days, or to cancel the Conference exhibition. In such event, Exhibitor hereby waives all claims for damages or compensation for such restriction, closing or cancellation.

Linear Booth

Linear Booths, also called “in-line” booths, are generally arranged in a straight line and have neighboring exhibitors on their immediate right and left, leaving only one side exposed to the aisle.

Dimensions

For purposes of consistency and ease of layout and/or reconfiguration, floor plan design in increments of 10ft (3.05m) has become the de facto standard in the United States. Therefore, unless constricted by space or other limitations, Linear Booths are most commonly 10ft (3.05m) wide and 10ft (3.05m) deep, i.e. 10ft by 10ft (3.05m by 3.05m). A maximum back wall height limitation of 8ft (2.44m) is generally specified.

Use of Space

Regardless of the number of Linear Booths utilized, e.g. 10ft by 20ft (3.05m by 6.10m), 10ft by 30ft (3.05m by 9.14m), 10ft by 40ft (3.05m by 12.19m), etc. display materials should be arranged in such a manner so as not to obstruct sight lines of neighboring exhibitors. The maximum height of 8ft (2.44m) is allowed only in the rear half of the booth space, with a 4ft (1.22m) height restriction imposed on all materials in the remaining space forward to the aisle. (See Line-of-Sight exception on page 8.) Note: When three or more Linear Booths are used in combination as a single exhibit space, the 4ft (1.22m) height limitation is applied only to that portion of exhibit space which is within 10ft (3.05m) of an adjoining booth.

Corner Booth

A Corner Booth is a Linear Booth at the end of a series of in-line booths with exposure to intersecting aisles on two sides. All other guidelines for Linear Booths apply.

Perimeter Booth

A Perimeter Booth is a Linear Booth that backs to an outside wall of the exhibit facility rather than to another exhibit.

Dimensions and Use of Space

All guidelines for Linear Booths apply to Perimeter Booths except that the typical maximum back wall height is 12ft (3.66m).

An End-cap Booth is exposed to aisles on three sides and comprised of two booths.

End-cap Booths are generally 10ft (3.05m) deep by 20ft (6.10m) wide. The maximum back wall height of 8ft (2.44m) is allowed only in the rear half of the booth space and within 5ft (1.52m) of the two side aisles, with a 4ft (1.22m) height restriction imposed on all materials in the remaining space forward to the aisle.

Dimensions

A Peninsula Booth is usually 20ft by 20ft (6.10m by 6.10m) or larger. When a Peninsula Booth backs up to two Linear Booths, the back wall is restricted to 4ft (1.22m) high within 5ft (1.52m) of each aisle, permitting adequate line of sight for the adjoining Linear Booths. (See Line-of-Sight exception on page 8.) A typical maximum height range allowance is 16ft to 20ft (4.88m to 6.10m), including signage for the center portion of the back wall. Double-sided signs, logos and graphics shall be set back ten feet (10') (3.05m) from adjacent booths.
